- Develop audiences for B.C. artists locally, nationally, and internationally;
- Invest in the creation and marketing of intellectual property and expand digital presence for B.C. artists; and
- Support a broad range of artists, prioritizing underrepresented groups who experience systemic barriers to participation.

ELIGIBLE ACTIVITIES

Applicants can apply for activities that support the career development of emerging and established B.C. artists. Project budgets must maintain a minimum of 50% B.C.-based expenses.

Applicants can apply for a single activity or a combination of any of the following activities:

1. **Sound recording** activities including singles, EPs, and LPs in the form of original music, covers, remixes, and interpretations of existing music. Recordings can be in any genre or language, including instrumental works. This program does not support commissions or the creation of new works prior to recording.
2. **Music video** production including official music videos, pre-recorded and live streamed performance videos, and other promotional video content that supports a B.C. artist. Live streamed videos must continue to be available after the live stream as a permanent promotional asset. Projects must take place in B.C. or engage out-of-province professionals remotely.
3. **Marketing** activities including photography, digital media, websites, bio writing, publicity, social media marketing, or radio promotion. Vendors may be Canadian or international, although hiring B.C. vendors is strongly encouraged. This program does not support the manufacturing of merchandise for sale.

For more ideas on eligible projects, lists of [previous recipients](#) and [artist profiles](#) can be found on the Creative BC website.

ELIGIBLE APPLICANTS

Emerging and established artists may include musicians, composers, bands, and musical ensembles. The artist is the individual or group that has creative control of the music being created or recorded and performs and/or releases music under their brand.

Applicants must meet all the following criteria to be considered eligible:

- **Artists must have resided in B.C. for at least 200 of the 365 days immediately preceding the date of application.** In the case of a band or group, the majority or 50% of

the permanent performing members must meet the above B.C. residency requirements. Groups that are 50/50 will be assessed on their commitment to building a career in B.C.

- **Artists must demonstrate experience** recording, releasing music and/or performing, earning money from music, and promoting their music online.
- **Artists may apply as an individual or as a music company.** If applying as an individual, the artist must have a valid social insurance number.
- Music companies such as record labels may apply on behalf of artists on their roster. If applying as a company:
 - The primary business activities of the company must include music.
 - The business must be a legal entity in the form of a sole proprietorship, registered partnership, incorporated company, or not-for-profit society. The business must have a valid statement of business registration, certificate of incorporation, business number, or GST number. To learn more about registering your business, visit [BC Business Registry](#).
 - The company must provide a **signed** contract between the artist and the company to outline their business relationship.

Other eligibility information:

- Eligible applicants must have filed income tax returns in B.C. in the taxation year prior to the date of application, if legally required to do so.
- If an artist has previously received funding from Creative BC, all prior Career Development final reports must be submitted prior to applying for new funding.
- The owners, principals, directors, officers, and shareholders of the applicant company must be in good standing (i.e. not in default) with Creative BC.
- **Prioritization for underrepresented groups and new applicants:** Creative BC will prioritize applications from underrepresented groups, including Indigenous peoples (First Nations, Non-Status, Métis and Inuit), Black, People of Colour (this may include Arab, Chinese, Filipino, Japanese, Korean, Latin American, South Asian, Southeast Asian, West Asian, and people of mixed ancestry), the Deaf and Disability community, and those who live with chronic illness or are neurodiverse, LGBTQ2IA+ communities, and other groups who experience systemic barriers to participation. Creative BC will also consider region, type of applicant, genre, cultural background, language, gender, type of activity, or other means, in order to fund the breadth of B.C. and its music industry. Creative BC will also prioritize applicants who have yet to receive significant funding from Creative BC.

Recording studios, record producers, production companies, video production companies, or managers are not eligible to apply directly. Individuals affiliated with a project may assist with the preparation of an application and be listed as a secondary contact or grant writer but cannot apply or sign on behalf of artist or the label.

FUNDING

For 2021-2022, the program covers **100%** of expenses up to the grant amount. Artists may submit one application per deadline and must self-identify as an emerging or established artist based on the career milestones outlined below.

Emerging Artists: \$1,000 - \$10,000

This category supports emerging artists with a commitment to music creation and clear, achievable goals to grow their business. Emerging artists exhibit all the following career milestones:

- **Previous revenue generation** as an artist from music related activities such as paid gigs, royalties, and/or merchandise sales. It is strongly recommended that artists are generating a minimum of **\$2,000** per year prior to COVID-19 to be competitive in this program.
- **A history of recording and releasing music** with a minimum of **two** songs available on a public website or platform. Musicians in performance-based genres, such as classical music, opera, traditional or ceremonial music, may provide their performance history in lieu of release history if recorded music is not a focus in their genre.
- **A history of performance**, presentation, or distribution of works within their geographical area;
- **Maintain an active web presence** and create content affiliated to the project on a public platform, such as a website, social media, blog, live performance videos, or music videos; and
- **Able to provide and interpret basic audience and sales metrics** as indicated by their digital platforms or performance history.

Emerging artists who wish to apply for a new project or solo project must meet all the emerging criteria and the release or performance requirement for their new project, independently from their experience in other groups.

Established Artists: \$1,000 - \$30,000

This category will support established artists that demonstrate financial viability and create economic impact in B.C. in the form of job creation and business relationships within the music industry.

Established artists must meet all the emerging milestones, and exhibit many or all the following additional criteria:

- **Substantial earnings from music** activities including touring, licensing, publishing, streaming, and album sales. It is strongly recommended that artists are generating a minimum of **\$30,000** per year from music related activities prior to COVID-19 to be eligible as an established artist.
- **Are supported by one or more industry professionals** such as a label, management company, publisher, etc.;
- **Have produced an extensive body of recorded work** commercially released with a strong, recognizable style and sound;
- **Track record of media exposure** in the form of awards, radio play, or other press;
- **Tour history** with national and/or international tour dates with affiliated press; and
- **Demonstrates a substantial audience** on social media, streaming services, or at live performances.

Established artists who wish to apply for a new project or solo project must contact Creative BC prior to applying to discuss eligibility. Applicants must demonstrate how the new project builds on their existing audience and previous success in their application.
